California State University, Northridge

October 2013

• Users of the Presentation Room should utilize the room for academic purposes. An example might be the Department of Linguistics bringing in a special speaker. Some administrative users may also utilize the room.
• To avoid Section 603.7 violations, no activities connected with political elections should be held in the Presentation Room.
• For-profit events should not be held in the Presentation Room unless first approved by both the University Corporation (for licensing purposes) and the Library Dean.
• Social events are generally not allowed.
• The Dean of the Oviatt Library is the final arbiter if a conflict arises in determining appropriate usage of the Ferman Presentation Room.
