The University of North Texas Department of Library and Information Sciences (DLIS) offers its ALA accredited Master’s program and popular online format in the Los Angeles area. You can earn your Master’s degree by participating in one four-day and a two-day Institute, and complete the rest of your degree online! Students can attend the Web Institute at California State University Northridge—Oviatt Library to begin study. The next Cohort Institute will be held August 28—31, 2015.

The Web Institute portion of the Master’s program includes an orientation, technology training, and instruction in the Master’s program core courses, as well as time to socialize with your Institute colleagues and faculty. This group will form social bonds during the intensive Web Institute weekend that will expand throughout the online portion of the program using a variety of communication tools. The UNT College of Information is committed to this cohort approach that provides the foundation for a vibrant learning community. The University of North Texas is committed to this cohort approach as it provides the foundation for a vibrant learning community.

Approximate cost of the two year 36 hour master’s degree program is $450 per semester credit hour based on a student registering for two classes or 6 hours per semester for a total of $17,500 for the complete program.
Core Courses

Nine hours of core courses are required to be completed by all students in the cohort. These courses are taught in the four day web institute.

- Introduction to Information Professions
- Introduction to Information Organization
- Information Access and Knowledge Inquiry

Programs of Study

Programs of study serve as advising guides for students who can major in Information Science or Library Science. Each student works with a faculty adviser to create an individualized program reflecting the student's career goals. Programs of study are listed on the website at http://lis.unt.edu/

- General Program of Study
- Digital Knowledge Management
- Special Libraries
- Information Organization
- Youth Librarianship
- Health Informatics
- Information Systems
- Law Librarian & Legal Informatics Specialists
- Distributed Learning Librarian
