

SERIES DESCRIPTION

TYPE: Topographic; 2 colors.

FORMAT: 10' x 15'.

SOURCES: 1:50,000 Japanese Imperial Land Survey 1923-1938, with majority of sheets about 1929-30.

PREPARATION PROCEDURE: Masks bearing standard A.M.S. border data were superimposed on the Japanese originals. The composite was photographed for reproduction in black. Transliterations were positioned to their respective Japanese counterparts for reproduction in Gloss Blue.

CHARACTERISTICS: Contours are shown at 20 meter intervals augmented by frequent control points and spot elevations. The original Japanese conventional signs are retained, but are well explained in the symbol legend. Transliterations conform to the modified Hepburn (Romaji) System. Individual sheet glossaries are included translating all Japanese generics appearing on individual maps.

RELIABILITY: The detail and topography is apparently dependable as of date of source which is indicated on individual sheets.
