**REQUISITION MAPS
 BY STOCK NUMBER**

Stock numbers are constructed as follows:

- A. The first 5 characters consist of the map series number. When the series number is less than 5 characters, the 5th character is the letter X.
- B. The remaining characters of the stock number are the map sheet number.

Exceptions: (1) The words "ALL SHEETS" are used in lieu of sheet number if stock number is intended to identify all available sheets of map series. (2) The word "INDEX" is used in lieu of sheet number to identify the series index.
