

# Lab Printing @ the Oviatt

**Note:** printing is on 8½ “ x 11” double-sided by default – less expensive for you and easier on the environment!

1. Press **CTRL-P** and select a printer (see chart below).
2. **(Optional)** Select an alternate paper size or change printing mode to “one sided” before selecting **Print**. (see chart below)
3. After selecting **Print**, go to the print release station next to the printer you selected to finish printing your document.
